

No Outside Alcohol Allowed

Please be aware that Virginia State law prohibits guests from bringing outside alcohol to an establishment already licensed by the Virginia ABC board. Alcohol not purchased at Abingdon Vineyards is not allowed anywhere on Abingdon Vineyards premises including the parking lot or river bank. This includes beer, wine or any other alcoholic beverages. We take this very seriously and you may be asked to leave the premises.

You are welcome to bring coolers to keep snacks cold. Coolers are subject to inspection. We sell wine, sangria, seltzers, hard cider and non-alcoholic options for your enjoyment. On select weekends throughout the summer season we obtain a special license that enables us to serve beer. Please check our events calendar at www.abingdonvineyards.com for more information about those special weekends!

Thank you for your support!
